2. Is Government bound to purchase the Building? if so why?

A. Government is not bound to purchase the Building In 1887 Government intended to do so; but the Executive Engineer estimated it would take Rs: 5074/ to put them in order - Their then value was put down at Rs: 930. Government refused to buy on account of expense — Messrs Chilka Coal Co which then offered to buy up the old buildings and add what was necessary leaving it optional for Government to take over the whole at the end of the Contract - This was agreed to and they erected some further buildings -

2. The new Contractors in 1894 (Smith and Co) objected

objected to buy the buildings as they only tendered to rent them -

2. If Government buys what is the amount payable by present Contractors whose Contract expires (d) on 31st March 1887.?

A. Now this point was sent to me for settlement with all the other claims which took a long time - I decided that neither Government nor the Contractors were bound to buy the buildings and that Messrs C. Krallia and Co were only entitled to rent on account of buildings - (Note Government has always received an item of Rs: 19.8- a month as rent for the enclosure both from Messrs Krallia and Co and Smith and Co). The rent I have fixed for Messrs Smith and Co. to pay Messrs C. Krallia for Contract just expired is 12 per cent on Rs: 2200/-, the value fixed by the Executive Engineer Shimoga in his No 213 of 29th April 1884 or Rs: 22/ a month. This will amount

to Rs: 192 for ~~90~~ three years. To this should be added interest at the rate allowed by us on all the other transactions viz 12 per cent simple. This will be about Rs: 70 (viz 18 per cent on the mean Rs 396) making a total of 862 Rupees to be paid to Messrs Chikka Mallia and Co by Messrs Smith and Co for the rent for the last three years. Out of this Government has to receive Rs 240 from Messrs Chikka Mallia and Co on account of repairs executed.

2. What rent will new Contractors have to pay from April 1st?

A. The new Contractors will have to pay Rs: 22 + 19.8.0 a month rent from April 1st 1887.

The net result is that Messrs Smith Narrainsamy and Co have to pay Messrs C. Mallia and Co Rs 862/ for the three years and Messrs Chikka Mallia and Co have to pay Government Rs: 240/ out of that.

Major Macintire's Memo and these remarks thereupon with the file in original to be sent accordingly to the Deputy-Commissioner Shimoga.

24th May 1887. (Sd) K. Seshadriyer

The Deputy Commissioner, Shimoga District in his letter no 75/56 dated 25th April 1884 to the Chief Secretary stated that 195-3 gallons and 3 3drams of liquor of the old Contractor had been made over to the new Contractor and requested that the compensation to be paid to the old Contractor may be fixed and the matter intimated to him. In continuation of this letter another* was addressed requesting that arrangements may be made with the new Contractors Messrs Smith & Co for the payment of Rs 2200 being the cost as estimated by the Executive Engineer of the old Contractor Chickmallaiah's buildings. Copies of the Deputy Commissioner's letter were thereupon forwarded to Messrs Smith & Co requesting them to state their views on the subject and take early steps for the payment of Rs 2200 to Chickmallaiah & Co. In reply Messrs Smith & Co stated* that the old Contractors were indebted to them by a large amount, so that if anyone had to pay at all it was the old Contractor, that dated 16th Feb page 63 Para III the Mysore Gazette lays down

No 100/75 dated 30th April 1884

83-2/30 dated 5th May 1884 &
972/38 dated 9th May 1884

*Letters dated 10th & 13th May 1884

that the new contractor shall take over all arrack in store belonging to the old contractor and be required to pay only rent for the Distillery buildings at 6 p.c on their value; that the Shimoga Distillery buildings were in need of repair, and that they were prepared to pay rent at 6 p.c as notified in the Gazette. They further requested that the Distillery may be put in thorough repair and that complete accomodation be provided for Jaggery stores.

The Dewan in his order No $\frac{2481-2}{128}$ dated 22nd July 1884 sanctioned the repair and extension of the buildings to the Extent necessary at a cost not exceeding Rs 3000 and the Executive Engineer was to be directed in the D.P.W to consult the Contractors, begin the work at once and report the Commencement of the work and the time required for its Completion.

The old contractor Chick mallaiah wrote to the Chief Secretary requesting that he might be paid for the arrack he had supplied to the new contractor at the same rate as he paid when he took the contract viz at Rs 1–4 and Rs 1–6 per gallon. This letter was

dated 21st July 1884

2659/137 dated 25th July 1884 forwarded to the Deputy Commissioner, Shimoga for disposal with reference to previous orders.

In reply to the Chief Secretary's letter no 1708/92 dated 14th June calling for a fixing of the compensation to the old contractor, and a detailed description of the Distillery buildings, the Deputy Commissioner Shimoga

no 500/383 dated 30th July 1884 stated that Mr Panchanatha Row, Assistant Commissioner's settlement at 14 as per gallon seemes fair and that with reference to the valuation of Chick mallaiah's buildings, the Executive Engineer had been asked to furnish the information required. The Executive Engineer's statement was subsequently forwarded by the Deputy Commissioner with his letter 783/590 dated 3rd Oct 1884

In 1883, the Deputy Commissioner wrote to the Chief Secretary No $\frac{1468}{1119}$ dated 6th March requesting to be informed how the buildings in the Distillery Compounds had been disposed of- whether they had been purchased by the Government or by the new Contractor — this information being necessary to adjust the rent due by the Contractor from April 1884 if the buildings had been purchased by Government.

No reply was had to the above though several reminders were sent till July 1886 when the Deputy Commissioner was requested No $\frac{3447}{71}$ dated 28-7-1886 to inspect the buildings with the Executive Engineer and frame a correct estimate of their value, allowing for their dilapidated Condition, to form a correct valuation and estimate of repairs and to advise as to the advisability or otherwise of purchasing the buildings by Government.

The Deputy Commissioner in his letter $\frac{290}{281}$ of 16th Aug 1886 stated that he had inspected the buildings in Company with

the Executive Engineer and that he agreed with the latter in estimating them at Rs 2200 and recommended the advisability of their purchase by Government.

The question seems not to have been considered by the Government though several reminders were sent by the deputy commissioner, till March 1887 when the Dewan ordered the file of correspondence on the subject to be sent to Major macintire, Deputy Commissioner of Bangalore asking him to submit brief notes on the following questions (1) Was Government bound to purchase the buildings and under what provisions of rules or contract (2) If Government bought them, what was the amount payable by contractor whose contract expired on the 31st march 1887 3. What rent would new contractor from 1st April 1887 pay for the few months for which they will use it till their arrangements for supply from Bangalore are completed? Major macintire's reply, Memorandum A was to the effect, that the Government was not bound to purchase the buildings, that messrs Smith & Co

Dewan's order of 30th March 1887

I should pay Rs 862 to Chickmalliah out of which Government should receive Rs 240 for repairs executed, and that the new Contractors would have to pay Rs 22 + Rs 19-8 a month from April 1887. The Dewan approved of the settlement above explained and remarked that, if the Deputy Commissioner, Shimoga could find any records in his office showing that the Government was morally or legally bound to purchase the buildings, he would reconsider the question on the submission of a report by the Deputy Commissioner, citing facts and quoting correspondence. The Deputy Commissioner replied stating that he could not find among the records in his office, in connection with the distillery buildings, any papers which showed that the Government had at any time held out hopes to Chick Malliah that his buildings would be purchased by them;

Order dated 24th may 1887

Order was thereupon passed to the effect that the Dewan approved of Major Macintire's settlement, ie that messrs Smith & Co pay to Chick Mallia & Co Rs 862, as rent for the years from 1st April 1884 to 31st March 1887, and that

No 1784-8/90 dated 2nd July 1887.

Chick Mallia pay to Government Rs 240 being the cost incurred by the D P W in repairing the buildings during the above period and that the Contractors from April 1887 pay Rs 22 + Rs 19-8 per month.

4375/141 dated 19th March 1890

In the year 1890, the Excise Commissioner wrote to the Chief Sec^y stating that the Executive Engineer claims for the buildings belonging belonging to Chick Mallia a rent of Rs 12-13-6 in addition to that paid by the Contractors, on account of repairs made in the year 1884-85 at a cost of Rs 2569 and that the contractors deny any such claim Contending that Proceedings 1784-8/92 of July 1887 must have included the work done in 1884-5 and that the Concluding words of the order supported their views.

1813/203 dated 1st June 1890

In reply, the Excise Commissioner was asked whether the sum of Rs 2569 had not been paid back to the P.W Department, and to report why the sum of Rs 2569 represented as the Cost of repairs was not so represented to be recovered from Chick mallia & Co when the Dewani Proceedings of 1887 were passed by which Rs 240 were to be recovered as cost of repairs. It was also pointed

out that the rent fixed by the orders was only for period ending 31st March 1887. 1748-8/90 of 2nd Aug 88.

The Execve Commissioner wrote to the Executive Engineer Shimoga, forwarding copy of the Chief Sec^y's letter and requesting information on the following points (1) On whose requisition and under what authority was the store room built by the D.P.W. (2) Did the store room form part of Government share of buildings or of portion belonging to Chickmalliah. If the former, was it not taken into consideration when Government claimed a rent of Rs 19-8 for its share of the buildings. The store rooms being in existence when the Dewani Proceedings of 1887 were passed demanding a rent of Rs 19-8 per month, how could the D.P.W claim an additional rent of Rs 12-13-6.

The Executive Engineer replied No 656 dated 23rd July 1890 stating that the addition and improvements in the buildings were carried out at a cost of Rs 2569 by the authority of Dewani Proceedings 2480-2/28 of 22-7-84

on the requisition of Messrs Smith &Co, that the rent due on account of the above expenditure was not taken into consideration when the Government fixed by Proceedings in 1887 a rent of Rs 19-8 to be paid to Government, that before the buildings were erected Rs 19-8 was being received for the compound walls alone. That the discrepancy was brought to the notice of the Dy Commissioner of Shimoga immediately after the passing of the order of 1887, and that an additional rent of Rs 12-13-6 from 1st March 1885 was claimed on account of additional buildings erected at a cost of Rs 2569 for the convenience of Messrs Smith &Co.

The Excise Commissioner forwarded to the Chief Secretary Copy of the above Correspondence stating that a rent of Rs 19-8 for the compound walls alone as stated by the Executive Engineer appeared to be a little too high.

* 5672/620 dated 20th Aug 1890

In reply the Excise Commissioner was directed to put himself in Communication with the Deputy Commissioner of Shimoga and report what action, if any and if none, why no action was

taken by him on the Executive Engineer's representation in July 1887 of the discrepancy in the estimated expenditure on which rent was fixed in no. 1748–8/90 of 2nd July 1887 and to inform how rent was being collected and on what data, it being necessary to obtain correct data from the Contractors and D P W and submit proposals for Government fixing the rent for the period from 1st April 1887.

The deputy commissioner, Shimoga, in reply to Docket no. 2823/108 of 13th Sep from the Excise Commissioner, stated that Government sanction to levy an additional rent of Rs 12–13–6 was not applied for, as by Condition no. III of Notification no. 315 of 9th Feb 1882, under which the Contract was given, the Contractors were bound to pay the rate fixed on the

1784-8/90 of 2nd July 1887

expense incurred on the building and also to keep it in thorough repair, that the Dewani Proceedings of 1887 do not refer to the additional rent due on the outlay incurred as per Gov. Proceedings 2480/128 of 22nd July 1884, that in answer to the Superintending Engineer's docket asking the opinion of the Dy Commissioner as to the propriety of the charge on account of the rent, a reply has been sent stating the amount to be properly leviable and that, the Contractors having withheld payment of rent on the additional accomodation provided, the Government in D P W ordered the institution of a civil suit against them.

Superintending Engineer's docket no 467 of 7th Jan 1888 to the Executive Engineer.

The letter of the Dep Commissioner explaining why the Government was not moved to sanction the levy of additional rent was forwarded by the Deputy Commissioner to the Chief Secretary.

The Excise Commissioner being requested to submit a copy of the reference said to have been made by him to the Chief Secretary, submitted copy of correspondence $\frac{3082}{163}$ of 10th Nov 1890 forwarding the letter of Explanation of the Deputy Commissioner of Shimoga

No 2650 of 17th Aug 1891

The Examiner, Public Works Accounts wrote to the Chief Engineer on the 17th stating that Messrs Chickmallia & Co were indebted to Government in P. W. D. to the amount of Rs 356-5-1 on account of repairs executed to their buildings and that the Excise Commissioner calculated rent at Rs 19½ per month throughout, the matter of enhanced rate of rent being still before Government. This

No. 3767 of 21st Aug 1891

letter was forwarded by the Chief Engineer to the Chief Secretary

No reply being received,
reminder was sent in November no 5745 dated 19th Nov 1891
enquiring what, if any, orders
has been passed by the Govt on the
question of enhanced rate. And the
reminder was sent in May 1892 no 2474 dated 14th May 1892

With reference to Encl Commis-
sioners docket no 317 & 394/9 dated
19th May & June 1891 respectively
about the sum of Rs 356-5-1 6
be recovered from Chickmallia of
Mysore, the Deputy Commissioner
of Mysore replied that Rs 212-9-7 " 444 dated 31st May 1892
had been recovered & remitted to
the Executive Engineer Shimoga in
November 1891, intimating that
the balance of Rs 143-11-6 should
be recovered from the rent payable
by Government to Chickmallia & Co
as desired by him and that the
Executive Engineer requests
that the balance also might be
recovered from Chickmallia

as the account was long standing unadjusted. The Excise Commissioner forwarded the above letter to the Chief Secretary requesting early sanction to the refund of Rs 143-11-6 so that the balance of the cost of repairs executed to the distillery buildings may be adjusted.

1130/62 of 28th Aug 1892

The Excise Commissioner again forwarded copy of letter from the Executive Engineer, Shimoga Division, Calling for an early sanction to the refund of Rs 143-11-6 due to Chickmalliah & Co on account of rent for their portion of the distillery buildings in view to a speedy adjustment of cost of repairs executed to them by the P W D.

Sir, With reference to para III of the Chief Comm's Notification No. 93 of the 18th January 1881 published in the Mysore Gazette No. 4 of 29th idem, I have the honor to submit herewith a statement showing the quantity of arrack in stock on the 1st of April 1881 with the old distillers in this District which has been taken over by the new contractor.

2. For the quantity in the Shimoga distillery which it will be found is 829 gallons, Mr Asst Comm Raghavendra Rao

Paid in consultation with the Amildar and after hearing the Distillers, & fully taking into account the cost of manufacture I fixed a rate of Rs. 1-4-0 per gallon which I consider to be fair though the distillers want 1-5-0 per gallon.

3. For the 319¼ gallons of the Sagar Distillery, the distillers claim Rs. 1-8-0 per gallon. But taking into consideration the cost of manufacture in this Distillery relatively to that of the Shimoga Distillery, and the rate fixed for the latter Distillery as above, the proper rate seems Rs 1. 6-0 per gallon.

4. If the above rates are approved, the amount will be recovered accordingly from the new contractor and paid to the old distillers.

Sir,

With reference to para III of the Dewan's Notification No 315 dated 9th February 1884 published in the Mysore Gazette No 6 of the 9th Inst, I have the honor to report that 1953 gallons and 33 drams of liquor of the old contractor which were in stock on the 1st April 1884 was measured by Mr Asstt Commissioner Panchanatha Rao and made over to the agents of the new Contractor. The absence of both Contractors prevents me from fixing the compensation to be

paid to the old contractors. As they are referred to in the above letter I would suggest that the [illegible] rates may be fixed at once and intimated to me.

2. I may add that in 1881 a rate of 1-4-- per gallon for the liquor left in the Shimoga Distillery and of Rs 1-6-- for that left in the Sagar Distillery was arrived at and fixed in Proceedings No 5.80/10 dated 20th April 1881, and paid by the late Contractor.

3. Besides the above quantity, there remained in the wholesale shops the quantity mentioned in the margin on the 1st April 1884 which was measured by the respective Amildars and made over to the servants of the new Contractor. As these duty-paid liquors request that arrangements may also be made with the Contractors for the payment of the compensation required in this case.

4. The Contractor for the Davangere Taluk is altogether a different man living in the Chitaldrug Sub-Division. If the compensation for the Davangere liquor is fixed I shall make the necessary arrangements for the payment to him at Chitaldrug.

I have the honor to be,
Sir,

As regards the buildings of the former contractors, their value appears to be very much beyond their cost worth: the stock in the warehouses, the quality of the materials used in the construction, the kind of roof and their present state of repair or disrepair should be reported in detail: it must be ascertained that the present contractors are demanding & may reasonably obtain a certain just percentage of the cost of the buildings.

Read:—

Letters dated 16th July 1884 from Messrs
F. W. Smith and Co.

Order thereon No. 2480-2/128 Dated Bangalore 22d July 188

The Letters read above from the Contractors Messrs Smith Narayanasamy & Co. bring to notice the difficulty experienced by them in not having proper accommodation in the Shimoga Distillery for the stores, wash, &c., the present building being quite unfit and parts unsafe

The Dewan therefore sanctions the repair and extension of the buildings to the extent necessary at a cost not exceeding Rs 3000/-

The Executive Engineer should be directed in the D. P. W. to conduct

the contractors and put the work in hand at once, as it is of a very emergent nature. The Ex. Engineer should be asked to report the commencement of the work, and the probable time within which he will complete it.

If found more convenient he may transfer the execution of the work to the contractors themselves so that there may be no grounds for complaints for them.

The cost of the present buildings, it is presumed, has been fairly estimated.

With reference to the Dewan Pro: No 1708 of the 17th Ultimo, I have the honor to forward herewith Agent Commr Inr Panchanatha Row's Yadi of the 15th Instt together with a memorandum given by the old distillers regarding the cost of manufacturing a gallon of liquor, and to state that Inr Panchanatha Row's settlement at 14 annas per gallon seems fair.

2. Both the old and new contractors have been informed of the rate as fixed

3. Besides this, the new contractors must pay to the old contractors the duty as well as the hire paid by the latter for the quantity of liquor that remained in the different wholesale shops as detailed in para 3 of my letter No. 75/56 of the 25th April 1884.

4. Mr. Chickanuddanna's letter dated the 21st Instt. to your address received with your docket No. 269/137 of the 25th Instant is herewith returned. He asks for the same rates as those paid by him to the old distillers viz Rs 1-4-- and 1-6-- But upon this request, is for the Dewan alone to pass orders

5. The rate fixed for the old contractor at Shimoga may also I think be made applicable to the liquor taken over at Davengere.

6. As regards the valuation of the old Contractor's buildings, the Executive Engineer has been asked to furnish the information required. On receipt of it a further report will be submitted.

Memo.

Contractor Cheekamuddanna's agent Mallappa submitted a statement of claim amounting to ~~Rs~~ 3675 for their buildings in the Distillery at Shimoga. It included a sum of Rs 1055 for buildings purchased by them from their predecessors.

2 I have valued the buildings at Rs 2200 after deducting the cost of repairs then required to put them in order. This valuation I consider fair

3 Excepting the wall with Tower and stone room, the rest of the buildings are Kutcha, being of the ordinary country fashion - They have answered the purpose for the past six years or more. It would be very expensive to replace them with pucka structures of the kind added on last year. Even if it is thought to do so the claim of the old contractors must be satisfied. It is considered advisable therefore to purchase the buildings on Government account as they are quite suited for the purpose they are used

Shemogah Distillery.

Q 2 Is Government bound to purchase the Building? if so, why?

A Government is not bound to purchase the Building. In 1881 Government intended to do so, but the Executive Engineer estimated it would take Rs. 5074/ to put them in order Their then value was put down at Rs 930 Government refused to buy on account of expense — Messrs Chickka Malliah then offered to buy up the old buildings and add what was necessary leaving it optional for Government to take over the whole at the end of the contract This was agreed to and they erected some further buildings.

Q 2 The new contractors in 1884 (Smith and Co.) objected to buy the buildings as they only tendered to rent them.

Q 2 If Government buys what is the amount payable by present contractors whose contract expires (d) on 31st March 1889?

A. Now, this point was sent to me for settlement with all the other claims which I took along

took a long time - I decided that neither Government nor the contractors were bound to buy the buildings and that Messrs C Mallia and Co were only entitled to rent on account of buildings — Late Government has always received an item of Rs. 19-8-0 a month as rent for the enclosure both from Messrs Mallia and Co and Smith and Co) The rent I have fixed for Messrs Smith and Co to pay Messrs C Mallia for contract just expired is 12 per cent on Rs 2200/ the value fixed by the Executive Engineer Shemogah in his No 213 of 29th April 1884 or Rs 22/ a month. This will amount to Rs 792 for the three years. To this should be added interest at the rate allowed by me on all the other transactions viz 12 per cent simple - This will be about Rs 70 (viz 18 per cent on the mean Rs. 396) making a total of 862 Rupees to be paid to Messrs Chikka Mallia and Co by Messrs Smith and Co for the rent for the last three years. Out of this Government has to receive Rs 24 from Messrs Chikka Mallia and Co on account of repairs executed.

Q 2 What rent will new contractor have to pay from April 1st /

A The new contractors will have to pay

to pay Rs 22 + 19. 8. 0 a month rent from 61 ~~15~~
April 1st 1887.

The net result is that Messrs Smith Narranisamy and Co. have to pay Messrs C Mallia and Co. Rs 862/ for the three years and Messrs Chikka Mallia and Co. have to pay Government Rs. 240/ out of that.

References sent by Chief Secretary are herewith returned — I append also copies of a few other references bearing on the point that were not in the file.

7. Dewan's Order, dated 30th March 1887.

Send the file to the Deputy Commissioner of Bangalore and ask to submit brief te on following points :—

1. Is Government bound to purchase the building ? and under what provision of rules or contract ?
2. If Government buys, what is the amount payable by the contractors whose contract expires on 31st March 1887 ? Please settle with Narayansami Mudaliar immediately.
3. What rent will new contractors, from 1st April 1887, pay for the few months for which they will use it, till their arrangements for supply from Bangalore are completed ?

8. Major Macintire's Memorandum No. A.

Q. Is Government bound to purchase the building ? If so, why ?

A. Government is not bound to purchase the building. In 1881 Government intended to do so, but the Executive Engineer estimated it would take Rs. 5,074 to put them in order. Their then value was put down at Rs. 930, Government refused to buy on account of expense. Messrs. Chikmallaiya then offered to buy up the old buildings and add what was necessary, leaving it optional for Government to take over the whole at the end of the contract. This was agreed to, and they erected some further buildings.

The new contractors in 1884 (Smith and Co.) objected to buy the buildings as they only tendered to rent them.

Q. If Government buys, what is the amount payable by present contractors whose contract expires (d) on 31st March 1887 ?

A. Now, this point was sent to me for settlement with all the other claims which took a long time. I decided that neither Government nor the contractors were bound to buy the buildings and that Messrs. C. Mallaiya and Co. were only entitled to rent on account of buildings. (Note.—Government has always received an item of Rs. 19—8—0 a month as rent for the enclosure both from Messrs. Mallaiya and Co. and Smith and Co.). The rent I have fixed for Messrs. Smith and Co., to pay Messrs. C. Mallaiya for contract just expired is 12 per cent on Rs. 2,200, the value fixed by the Executive Engineer, Shimoga, in his No. 213 of 29th April 1884, or Rs. 22 a month. This will amount to Rs. 792 for the three years. To this should be added interest at the rate allowed by me on all the other transactions, *viz.* 2 per cent simple. This will be about Rs. 70 (*viz.* 18 per cent on the mean Rs. 396), making a total of Rs. 862 to be paid to Messrs. Chikmallaiya and Co. by Messrs. Smith and Co. for the rent for the last three years. Out of this Government has to receive Rs. 240 from Messrs. Chikmallaiya and Co. on account of [illegible]

pages 140.

Q. What rent will new contractors have to pay from April 1st?

A. The new contractors will have to pay Rs. 22+Rs. 19—8—0 a month rent from April 1st, 1887.

The net result is that Messrs. Smith, Narayansami and Co., have to pay Messrs. C. Mallaiya and Co. Rs. 862 for the three years and Messrs. Chikmallaiya and Co. have to pay Government Rs. 240 out of that.

References sent by Chief Secretary are herewith returned. I append also copies of a few other references bearing on the point that were not in the file.

9. Dewan's Order thereon, dated 24th May 1887.

I approve of the settlement above explained, as upon the papers before me I cannot see that the Government are in any sense bound to buy the building in question. If the Deputy Commissioner of Shimoga can find any records in his office showing that the Government is morally or legally bound to purchase the building, I shall then be glad to reconsider the question on the submission of a report citing facts and quoting correspondence and other papers.

Major Macintire's Memo and these remarks thereupon with the file in original to be sent accordingly to the Deputy Commissioner, Shimoga.

10. Letter No. 134—126, dated 11th June 1887, from the Deputy Commissioner, Shimoga District.

In returning herewith the enclosures of your docket No. 572 of the 24th ultimo, as per list, I have the honor to state that I have carefully gone over the records in this office in connection with the Distillery buildings, but I can nowhere find that Government had at any time held out hopes to the late contractor that his buildings would be purchased by Government.
